

POST 16 – PS2

MEET THE STAFF

Class Teacher: Andy Cullen

Educational Teaching Assistants: Dawn Milven, Michael Sullivan, Sam Leadbeater, Lisa Killoran(Mon/Tues), Julie Briggs(Weds-Fri)

Activity Support Worker: Chloe Senior

What Happens in Our Class?

In PS2 we follow a life-skills based curriculum with a focus on preparing for adulthood. We each have personalised learning goals that we are working on according to our individual needs, as well as coming together as a class for a range of fun and engaging group activities, ranging from cooking to film-making. We take part in weekly community visits, where we get to learn about the wider community and our place within it. We also take part in work-based learning opportunities such as running our own charity shop and helping to maintain the school grounds.

The School Day

We follow a personalised curriculum in class, meaning that learners access different interventions at different times of day. We usually start the day with personalised learning, before coming together for our morning communication session. Following this we have more class-based activities, followed by snack and break, where we can develop our life-skills and communicating choices. After break we enjoy a range of different activities. Monday is film-making; Tuesday we have community visits; Wednesday we use the sensory pod and have sign and sing; Thursdays we go swimming and have enterprise; Fridays we cook our own snacks and meals. In the afternoons we also have weekly MATP sports, literacy and life-skills sessions, to name but a few.
