

# CEIAG - Careers Education, Information, Advice and Guidance – Guide for Parents/carers

## What is CEIAG?

CEIAG (Careers Education, Information, Advice and Guidance) is designed to prepare students for life in modern Britain by providing the knowledge, understanding, confidence and skills that they need to make informed choices and plans for their future learning and career.

Fairfield School is committed to providing good quality, impartial information, advice and guidance to every student throughout their school career. We ensure that students come in to contact with employers to encourage students to aspire, make good choices and understand what they need to do to reach and succeed in the future.

Our CEIAG programme provides activities appropriate to age and need; it aims to provide students with the best possible foundation on which to take their next steps into adulthood.

Our CEIAG Lead is Lucy Roche

Throughout the careers programme at Fairfield School, students are encouraged to develop their independence. Thinking about work experience begins in year 7 and continues through to year 14. Students are encouraged to experience and learn about the workplace and the skills and qualities valued in it.

We aim to ensure that all our students:

- are supported to make effective choices about their future
- are provided with experiences which inspire and motivate them to achieve highly
- are prepared for the transition process to adulthood
- develop self-knowledge and confidence in making decisions and choices which are suitable and ambitious for them
- develop an understanding of the world of work
- develop characteristics which support high achieving students in the curriculum and in careers such as: social skills, communication, resourcefulness, innovation and resilience
