

Post 16-1

MEET THE STAFF

Class Teacher: Becky Sorensen

Educational Teaching Assistants: Julie Briggs, Lisa Hall, Claire Chapman, Fahiza Mughal

Activity Support Assistant: Jodie Hayes

Lunchtime Supervisors: Emma Scargill, Riffat Sheikh

What Happens in Our Class?

In Post-16 we do lots of work on life and independence skills, and work hard to complete everyday tasks by ourselves.

We are a multi-sensory class, with many different strengths. Some of us do lots of sensory-based learning involving lights, sounds and touch. Some of us take part in learning how to use symbols and photographs to communicate, and even work on our reading and writing skills.

The School Day

We begin the day by working on our physical and personalised targets, followed by snack, where we work on our life skills using our fully equipped kitchen.

After break, we take part in many different sessions, including sensory stories, PSHE, ICT and a communication session. Each student has their own personalised timetable, which includes all the therapy sessions they need, such as hydrotherapy and rebound.
