

## Pre-Formal – F2

### MEET THE STAFF

**Class Teacher:** Sam Wadsworth & Fatemah Tai

**Educational Teaching Assistants:** Naomi Johnson & Gemma Taylor

**Activity Support Officer:** Faith Redman

**Lunchtime Supervisors:** Riffat Sheikh & Debra Uttley

### What Happens in Our Class?

With the focus being on individual learning, our students have a varied day of working in the class group, small groups and on individual tasks and interventions.

We follow a sensory curriculum with activities such as visits to the sensory pod, light boxes and time to explore the sensory meadow to support our students with visual and or hearing impairments.

### The School Day

We begin every day with a morning circle time where we focus on communication. After breakfast snack we then we get straight down to some physical activity. It might be a MOVE session, using our walkers, our physio programmes or even cycling. Then we have a morning and afternoon session with a curriculum focus. We enjoy reading through our sensory stories and story massage, interactive cause and effect using iPads and the plasma screen, music and tac-pac. We also enjoy weekly food technology and massage sessions, yoga and MATP, hydro and rebound. By 2.30pm we are ready to calm down using lights and music and then it is time to get ready to go home.
