

Semi-Formal – F5

MEET THE STAFF

Class Teacher: Hazel Ettienne

Educational Teaching Assistants: Karen Horner, Juber Rawat, Bethany Redfearn

Activity Support Officers: Sarah Masih

Lunchtime Supervisors: Hayley Stanwix and Safina Weston

What Happens in Our Class?

Welcome to F5. There are eight students in our class and we all have a diagnosis of ASC (autistic spectrum condition). We love structure and routine. We do not like it when things change. We work with symbols and photographs to communicate and find out what is happening Now and Next in our classroom. We have lots of fun and enjoy working alongside our friends.

The School Day

We all have our own timetable which is personalised to us. We work on things that we enjoy, are important to us and help us cope in the world we live in. We love working on structured learning tasks using TEACCH boxes which help us keep calm, regulated and learning well. We are all working on being as independent as possible, developing our life skills and being introduced to new environments. We visit Crow Nest Park, Cleckheaton Library, visit local shops, enjoy swimming and sensory walks in our fabulous sensory meadow.
