What Happens in Our Class?

We have 7 students in our class. We follow a sensory and creative curriculum, based on the Early Years Foundation Stage. The classroom has been carefully designed to enable pupils to access a range of experiences such as light work and relaxation sessions alongside malleable and arts experiences.

The School Day

All pupils have a personalised curriculum which enables high levels of engagement and excitement through learning. These personalised targets are achieved through a range of opportunities including physiotherapy, sensory experiences and specialist communication classes. The school day is carefully designed to access the outstanding range of provision both indoors and outside.
