

Pre-Formal – F7

MEET THE STAFF

Class Teacher: Mandy Riddle/Viv Rawnsley

Educational Teaching Assistants: Mariam Nirwaz, Sarah Trapps, Laura Scott (Thurs)

Activity Support Officers: Stacey Smith

Lunchtime Supervisors: Jane Hancock, Lynsay Hardcastle

What Happens in Our Class?

We are a class of 7 pupils. We are very inquisitive and love finding out about our world and people around us. We have a strong focus on communication, independence and life skills. Our classroom is set up to encourage us to access our own equipment and resources. We are really good at using computers to research and record, and practise our keyboard skills every day. We follow a different topic each term. We work on our physical skills too, going to ABC each day, PE weekly, or doing our daily physiotherapy exercises. We also access hydrotherapy and swimming at Spen Valley. We use a cross-curricular approach to our topics, including literacy and numeracy skills across all areas.

The School Day

We start each day with personalised learning skills, working towards personalised learning targets. ABC each morning supports our physical skills and helps us to regulate and be ready to learn. We have a timetable of regular activities to help us to understand routines, these include cooking, P.E, story, understanding the world, greeting and snack times. We also go out each week to access local supermarkets, to shop for our ingredients for cooking. Each day we celebrate our work and achievements with Class Dojo, earning rewards and recognising our friends' hard work too.
