

## Early Years – EY3

### MEET THE STAFF

**Class Teacher:** Aimee Helie

**Educational Teaching Assistants:** Debbie Barker, Karen Kirk

**Activity Support Officers:** Ayesha Patel

**Lunchtime Supervisors:** Lynsay Hardcastle, Hayley Stanwix

### What Happens in Our Class?

EY3 is a class of great explorers! We love exploring our classroom, school and the community. We really enjoy learning through play and our day is made up of quality, focused play experiences. All of us are really proud of our growing independence skills and we are working really hard this year to become as independent as possible! Nothing stops us exploring, so you will catch us out experiencing all types of weather and events!

### The School Day

Our school day always starts with our morning physiotherapy session, where we work on our physical skills and get warmed up for the day. This is followed by our morning 'hello' session where we work on our social skills, and then have snack. During our morning sessions we either focus on our problem-solving skills or communication and story skills. Afternoons consist of enhanced provision and therapies, including hydrotherapy!
