

Pre-Formal – F2

MEET THE STAFF

Class Teacher: Fiona Taylor and Faatimah Sidat

Educational Teaching Assistants: Naomi Johnson and Paula Woodhead

Activity Support Officers: Megan Child

Lunchtime Supervisors: Debra Uttley and Vahida Jogiyat

What Happens in Our Class?

We follow a very sensory curriculum with lots of movement involved and access to swimming, MOVE, rebound walrus and soft play. We especially enjoy music and sensory massage in our class and exploring the outdoor area. With the focus being on individual learning, our students have a varied day of working in the class group, small groups and on individual tasks and interventions.

The School Day

We have regular movement breaks and our mornings always have a communication focus. We alternate the start of our day by following our physio programmes and singing our hello song on the floor or in our chairs, so we can greet our friends at the start of the day. After snack, we concentrate on increasing our independent life skills and gross and fine motor skills. We change our positions to maximise movement and learning opportunities and participate in more lessons with a curricular focus. We enjoy sensory stories, Tac-Pac, story massage, yoga and especially love sing and sign sessions.
