

Early Years 3

MEET THE STAFF

Class Teacher: Rebekah Clee

Educational Teaching Assistants: Karen Kirk and Karen Hall

Activity Support Officers: Ayesha Patel

Lunchtime Supervisors: Emma Scargill

What Happens in Our Class?

In EY3 we are always excited for the school day. We love exploring our classroom, the shared area and the sensory spaces. All pupils enjoy a wide range of creative and sensory opportunities. We learn through play, and our day is made up of quality, focused play experiences. We are beginning the stepping stones to developing our physical and independence skills, experiencing both fun indoors and in the outdoor environments.

The School Day

Each morning we have physiotherapy and a song session, where we work on our physical skills. This is followed by group communication time and then we sit together for a snack. The sessions focus on personalised tasks: technology, problem-solving skills, communication and social skills. Each day we have opportunities for enhanced provision and therapies, including hydrotherapy, rebound and much more.
