

## Semi-Formal F5

### MEET THE STAFF

**Class Teacher:** Louise Marsh

**Educational Teaching Assistants:** Debbie Barker, Kirsty Roberts

**Lunchtime Supervisors:** Hayley Stanwix, Safina Weston

### What Happens in Our Class?

We are a very active class of boys who all have a diagnosis of autism. We enjoy being in a continuous provision style classroom where we have opportunities to play and have access to resources which help with our sensory regulation. We come together as a group for sessions such as music or parachute games and go to communication and life skills interventions in small groups.

### The School Day

We start the day in ABC which helps us to regulate, ready for our 'hello' session. Then we have a snack, where we work on our communication skills and go outside to play. We have a group session then have time to explore the continuous provision and do some 1-1 personalised learning. After lunch we all love our Bucket Time, then have another group session or go out into the community.
